### **Things I like at MHCO:**

The trip, the pool, basketball courts, gyms

Almost everything

games, kid's food

That MHCO helps us with us

I like how they plan things for us to do and also I like how we still celebrate holidays like Valentine's Day

The gym where we can come together and have fun

Homecoming. My bed. Events. House parents. Food. Living space.

Diner in cafeteria

some fun trips and the pool, home viset, room.

Own room. Own living space. Food. Safe. Clean.

Planned trips. Vacations.

The pool and my room and home visits and trips

The pool, my room, my home visits, trips.

Pool. Room. Trips. Homevisits.

There is not much to like or dislike. It's quiet and everyone keeps to themselves.

Good about providing needs. On it when it comes to appointments.

being able to meet new people everyday

I like my houseparents and alternates

Pool, events

having my own room, being able to have a job, have my own tv and people I can depend own

Everything

we go out on trips, I like the events

The workout room, the people, and most everything

People are respectful. I do feel safe. There are too many benefits to count. I see some people here as family.

My room. Privileges I have. My house parent. Being able to work. Friend. The atmosphere.

I like that I get free college

The house parents at master mason. The girls at all the cottages.

The people who cares about the kids and let them live normall. Trip oportunities, kids, peers

The places we go to. The pool. The bikes. The stuff we get.

some of the people and adults and trips

pool

the opportunitys we get here, able to be yourself

1. we go on trips. 2. we get good food 3. good people take care of us

### **Things that I want to get better at MHCO:**

I wish ppl who are able to have phone are able to keep over night to feel more like a teenager. More freedom and more option

I don't know.

flooring in the playground

I want them to make it where family member's can visit mor for example my brother can't come down to see me anymore because of a rule so he has to stay at uper campis

Nothing - feel like everything great

Being aloud to keep our phones  
getting at oneroll  
Better house parent's and not candling fun trip's. Being about to go to my room  
More trips for the campus. Better planning of events.  
More trips/activities (not day trips)  
The hous parents. Not getting yelled at.  
Not getting call names by the house parents.  
Not getting yelled at/called names by house parents. Pool hours. Being able to have privacy.  
Not sure. Myself mostly.  
Urgency when it comes to solving conflicts. More training for staff who do not work with residents on a daily basis to understand them as human beings and not just "residents."  
more food options  
having terrible days  
more events & the pool get biger  
being able to communicate better if I am troubled or ask for help and not be scard in doing it  
Nothing  
neither  
nothing  
I never really get informed on events. The food here isn't the healthiest a lot of frozen pre-packaged goods. Do not have a lot of freedom  
Nothing  
Get to choose house parents  
For the staff to listen better so no fights break out so people feel safe here. The staff doesn't listen very well and I find that unfair.  
Some houseparents make it like a prison. Can go to other cottages amd mingle we barely get to see each other. Old houseparents need to stop making up rules and not following the new ones. Treat everyone fairly.  
they need to stop trying to fight the battle when they know they in the wrong  
talking to people  
pool  
nothing  
My grades
